*Do you have anything to add?
Can you help in making these happen?
We need YOU!*

Ideas from the floor

**Please note that these proposals were contributions from the
Community Members present at the meeting of November 16th**

- ☛ Community buyout of KLB Estate
- ☛ Creation of footpath from KLB to Rhiconich
- ☛ Renewable Energy
 - Wind turbines
 - Tidal or hydro power – would need ownership of Estate for hydro. Also, if community owned Loch Clash then would have access to sea for tidal.
- ☛ Jobs for Youth, need to attract industry to provide employment for the young people once they leave school who do not go on to further education and to bring new ones into the area. Problem highlighted is the provision of housing.
- ☛ KLB in Bloom, plants, boxes, community garden. Problem with sheep/deer. However, an appropriately walled or fenced community garden feasible, along with hanging baskets.
- ☛ Central information point – there is tourist information literature at the North West Advice and Information Centre. This is not an official Tourist Information Centre / Visit Scotland advice centre therefore it is not advertised or financed.
- ☛ Blue Flag Status for OSM Beach – GW to contact Richard Osborne re grazing rights.
- ☛ Pony Trekking Centre – local couple trying to get this facility off the ground
- ☛ Sites of special scientific interest (SSSIs) – local and visitor awareness and respect
- ☛ Office space availability (small business/remote working)

Ideas already on the table – which we hope to take forward

- ☛ Football Pitch – repair drainage problems for future use
- ☛ Village Hall Refurbishment – support desperately needed
- ☛ Loch Clash land – acquisition and development
 - Acquire land at Loch Clash and apply for planning permission to site a temporary building to house tourist information centre and small tea-room.
- ☛ WIFI – essential for small businesses to operate
- ☛ Geopark ---> Mackay Country
- ☛ Creation of Official Viewpoint
- ☛ Accessible, maintained routes (Core Paths) – more funding needed for labour
